

# RECYCLED BROWN

## Australia

### 100% post-consumer recycled paper.

Art Business's "Recycled Brown" is a 100% post-consumer recycled paper made in Australia. Art Business's "Recycled Brown" is a genuine 100% post-consumer recycled paper made from the paper you put out for recycling and industrial paper scrap only.

Many other, so called recycled papers, may only be partly made with recycled paper slurry or reused mill broke. These mis-leading practices have a detrimental effect on the recycling industry causing a glut of low grade waste that may be dumped, leading to the release of methane gas that effects climate change.

- **ArtBus Recycled Brown Paper 105gsm A1 IPS (650x910mm) – 200 shts each : \$92.40**
